*we build your dreams*

# ABOUT US

One of the most trusted interiors fit out contractors in Dubai delivering superior and long-lasting results, Vision Makers was established and has been operational since 1993 in the UAE, mainly in Dubai and Sharjah. Initially, the company was focused on aluminum – architectural cladding, curtain walls, glass, doors, windows, skylight, structural aluminum, and stainless steel. At present, our group has diversified into:

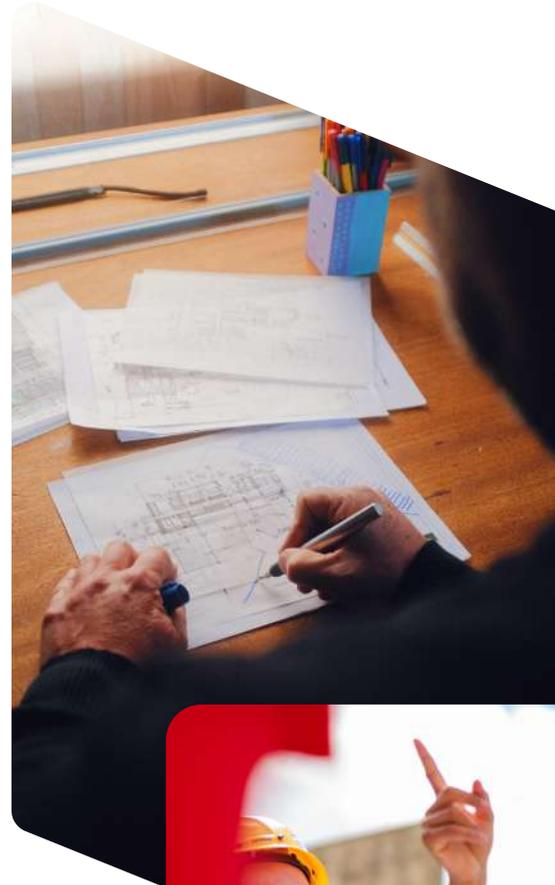

- Civil construction
- HVAC (Heating, Ventilation, and Air Conditioning)
- MEP (Mechanical, Electrical, and Plumbing)
- Interior & joinery fit-outs
- Steel building
- Warehouses
- Building maintenance,
- Material trading
- Project consultancy.

# ABOUT US

For over a decade we have provided premium quality interior fit out and turnkey solutions covering engineering, planning, execution, and delivery. Our top interior fit out experience includes restaurant fit out, hotel fit out, retail fit out and commercial fit out.

Our ability to understand challenges and craft solutions is second to none and we place our people, clients, and end users at the very core of every decision. In every project, our designers illustrate their proficiency and undertake the responsibility to ensure that all the specified material meet both economic and technical requirements. We provide every project with the finest and most optimal engineering technology.

# SERVICES & PROJECTS

# A) GLASS & ALUMINIUM

Vision Makers was started with a view to providing a complete solution for high quality Interior fit-out projects. This has been achieved in a relatively short space of time and is evident at many completed projects. During this period we have built our reputation as a company that prioritises high quality, reliable service and work whilst maintaining competitive prices.

We utilize the most sophisticated and modern aluminum architectural products and provide the clients with the best engineering solutions, designs, manufacturing, and installation of all types of façade systems. We use the most advanced high-end software applications for designing and detailing processes that build and maintain the accuracy and speed of our products, keeping our cutting-edge solutions at a peak above the rest. We always aim for diversification and having a well-equipped workshop supported by a team of highly skilled workers.

We offer quality assurance and this is achieved by ongoing training of production staff in handling, processing and freight of the finished product as well as ongoing training of site operatives. This enables consistent high quality and accurate end products for our prestigious clients. Our team of managers and artisans are highly competent and focus on our core belief in offering uncompromising quality work and service to the industry.

Our pledge is to honour our commitments to our clients, provide full satisfaction through high quality work and services and commitment to after sales service. This is all underpinned by the continuous improvement of our facilities and systems through ongoing investment.

We believe in utmost attention to detail and delivery of superior finished product to our clients.
